

**RADIO PUBLIC SERVICE ANNOUNCEMENT
PMC ORGANOMETALLIX, INC – CARROLLTON, KY
CARROLL COUNTY**

The Kentucky Energy and Environment Cabinet has tentatively decided to approve the renewal of the hazardous waste management permit for PMC Organometallix, Inc. in Carrollton, Kentucky.

The permit continues the ability for PMC to manage hazardous waste in tanks and containers, as well as operate a furnace for the purposes of tin recovery.

The public comment period for these proposed permit actions ends on February 10, 2020.

For further information on where the draft permit and related material may be reviewed, please contact April Webb at april.webb@ky.gov.
